GEORGIA HISTORICAL SOCIETY

Fact Five

Source:	How and Where was the Source Accessed?

Fact Six

Source	How and Where was the Source Accessed?

Fact Seven

Source:	How and Where was the Source Accessed?

Fact Eight

Source:	How and Where was the Source Accessed?

Fact Nine

Source:	How and Where was the Source Accessed?

Fact Ten

Source:	How and Where was the Source Accessed?

Now it's your turn to create a historical marker! Remember to use the following guidelines:

- Construct historical marker text so that it is a point by point, chronological narrative of the subject and its historical significance.

- Each line in the historical narrative should be verifiable with resources cited in in your research document.

- Propose historical marker text that is 130 words or less. This does not include titles and the "erected by" language (the organizations who created the marker).
